

## Overview

ACES' Energy Conference provides information relevant to its Members and Customers through presentations by subject matter experts. The purpose of the conference is to provide attendees with the opportunity to learn about market trends, factors affecting the industry and the associated risks, and tools they can use to enhance their operations.

After attending the Energy Conference, participants will be able to:

- Understand challenges and trends in the PJM Interconnection and how its ISO/RTO may experience similar trends in the future
- Apply what they learn to help their organization with strategic planning during times of uncertainty in the industry
- Apply what they learn to help their organization with risk and resiliency regarding its fuel strategy
- Learn about fusion energy and how commercial fusion is on the cusp of realization
- Gain insight into how G&Ts are navigating the operational, regulatory, contractual, and reliability challenges created by rapid data center load growth and evolving large load customer demand
- Better understand key electric power grid realities being cited by the Department of Energy and Environmental Protection Agency, warranting a complete overhaul of federal environmental regulations
- Better understand current trends in the commodities markets and the impact on the future of the power industry

## Event Registration

To view the agenda and speaker bios, visit: <https://www.acespower.com/energyconference/>.

## NASBA CPE Credits

To receive NASBA CPE credits, continuous attendance is required and will be monitored and verified for each credit. Participants will earn 9.2 NASBA CPE Credits.

Field(s) of Study:

- Specialized Knowledge (9.2 NASBA CPEs)

## Additional Information

- Prerequisites
  - ◆ Knowledge of the energy industry
- Who Should Attend
  - ◆ Public power staff and Board Directors
- Advanced Preparation
  - ◆ None
- Program Level
  - ◆ Intermediate
- Delivery Method
  - ◆ Group Live

For more information regarding concerns and program cancellation policies, please contact Leah Smith at 317-344-7050
